

# SR&ED

is the largest and most important tax incentive program in Canada.

SR&ED (Scientific Research & Experimental Development) is the government program that rewards companies that perform R&D in Canada. The program makes Canada a more economically competitive and technologically advanced nation and it has been in existence since the 80's. The Canadian incentive program is one of the most generous R&D programs in the world. **This is not a grant – if you qualify, you are entitled to this money under the Income Tax Act.**

If you answer yes to any of the following questions you could be sitting on an untapped refund.

- Have you encountered technological obstacles or uncertainties in the course of your work?
- Have you designed or built any prototypes or custom assets?
- Have you designed new formulations or conducted clinical trials?
- Have you designed or developed any technology that is state-of-the-art?
- Have you solved technological problems by going beyond available practices, methods or routine engineering?
- Have you developed any products that were patented?

There are only three criteria for eligibility plus evidence:

- Scientific uncertainty or technological obstacle
- Scientific or technological advancement
- Systematic investigation
  - *plus* Technical content

**You could qualify for a refund worth 68% of your expenses attributable to SR&ED projects. How do you get approved? ASK US!**

# FOR ALMOST 20 YEARS, 99% OF APPLICATIONS PREPARED BY BOND HAVE BEEN APPROVED
